# Playback Theatre Training

In this 10 week training we will learn Playback Theatre forms. The emphasis is on **PLAY to FREE UP CREATIVE ALIVENESS.**

We will use theatre games and exercises to **open our voices and bodies**, to create a **strong group connectedness** and to learn to **trust our spontaneous and creative impulses** both individually and as a group.

The raw material for Playback Theatre is the **feelings, experiences and stories of our own lives**. We will learn how to shape our stories and give them life on stage. We offer a **safe and supportive atmosphere** for you to take risks and step into new territory.

At the end of the training we may choose to offer a small performance for family and friends.

This course is suitable both for beginners and those with experience; all are welcome. 18 years plus.

**Wednesday evenings**  
**10 weeks starting**

---

**Playback Theatre is...**

**improvised interactive theatre  
where personal stories, memories  
and experiences are given  
artistic expression.**
